Maintenance

Lift Used

Flag Change
Over

House of Flags carried out an out of hours flag change over for Thom Browne in London.

Our specialist maintenance team used a lift to access the flag, where they lowered it and replaced it with a new flag, which had been produced in house at our head office in Kimbolton.

Thom Browne has ordered two new flags and have paid for three flag change overs for the year, helping to ensure their flag and flagpole are always looking their best.
